

## Environmental Awareness

At Educa, as a leading facade company managing projects through comprehensive contracts, we are deeply committed to environmental protection and sustainability. Our operations prioritize the efficient use of natural resources, and we implement innovative methods to minimize our environmental impact. By integrating this awareness into all of our processes, we aim to build a sustainable future for the next generations.

## Efficient Use of Natural Resources

Educa takes proactive steps to ensure the efficient use of natural resources. We continually work to improve the sustainable use of water, energy, and other natural resources. By utilizing advanced technologies and innovative practices, we enhance energy efficiency and water conservation in our facilities.

## Energy Conservation and Renewable Energy

Energy conservation is a cornerstone of our environmental policy. We strive to increase energy efficiency in all of our operations. Additionally, we invest in renewable energy sources to reduce our carbon footprint. By harnessing solar, wind, and other renewable energies, we ensure our operations contribute to a healthier planet.

## Waste Management and Recycling

Waste management and recycling are integral to our environmental responsibility. We implement comprehensive programs to reduce waste generated during our project execution, separate recyclable materials, and promote reuse. Our facilities are equipped with effective waste segregation systems, allowing us to consistently increase our recycling rates.

## Continuous Improvement and Innovation

We are dedicated to the continuous improvement of our environmental performance and the development of innovative solutions. Our R&D efforts focus on eco-friendly technologies, integrating these advancements into our operations. By following best practices and industry standards, we achieve our sustainability goals and lead by example.

## Leaving a Livable World for Future Generations

At Educa, leaving a livable world for future generations is a core mission. We regularly review and enhance our environmental policies, encouraging our employees and suppliers to act with the same environmental consciousness. We strive to set an example in sustainability and environmental stewardship, leading initiatives that benefit both society and the planet.

Educa's environmental policy guides all our processes, and we remain committed to contributing to a cleaner, more sustainable world.
